Festival des Arts de la
Rue

Night diners

From June to August

Founded in 2005, the night-dinners will welcome you again this year. There will be a festive atmosphere every night from 18:00 to 23:30. Visitors and local inhabitants alike enjoy taking strolls and discovering the artisans' illuminated stalls. Various craftsmen will show you their wares : jewels, leatherwork, paintings, woodwork... You will discover a large variety of craft industry and, who knows, you may even take back with you plenty of

original souvenirs.

Local producers will offer you a large range of food typical of our unique terroir : cheeses, barbecued meats, oysters, cakes, fowl and the renowned "foie gars".

The special events include live music.
