Des communes aux projets communs

Inspired by a sense of belonging to the same territory, 6 communes : Les Billaux, Génissac, Lalande de Pomerol, Pomerol, Libourne and Moulon wanted to act together on joint projects development and management of community space, as well the development of local services.

Chaired by Gilbert Mitterrand, "La Communauté de Communes de Libourne" is closer to the citizens whether in the product of large projector in developing services to the population.

DISCOVER GENISSAC

- Château de Génissac : 05.57.24.48.41. Visite by appointment
- The church of Saint-Martin in Génissac contains an altar surrounded by alabaster statues, rare. It represents the resurrection of Christ and dates from the 14-15th century. Originally from England, it would be the fruit of the wine trade between Gascony and Great Britain. This explains the name given to a wine cooperative in Génissac.
