Where to do shopping ?

- **City center:**

A wide range of high-street brands are to be found: major brands alongside smaller boutiques, independent retailers and department stores, just about everything to satisfy all customers.

Shops are generally open Tuesday through Saturday from 10:00 to 12:00 and 14:00 to 19:00.

Some shops are open at lunchtime.

The *rue Gambetta*, a pedestrian street adjacent to the *Place Abel Surchamp* cannot be missed. But you will also find a wealth of shops in other streets, *rue Jules Ferry*, *rue Montesquieu*, *rue Fonneuve*, *rue Michel Montaigne*

where you will be able combine shopping for tableware, decoration, jewelry , books, ready-to-wear and accessories together with snacking with treats to delicious foodstuffs.

Treat yourself to a delicious meal in the surrounding streets, in the *allées Tourny* for example.

Major shopping centers are located on the outskirts of the city, heading either towards Angoulême or Saint Emilion, Castillon La Bataille.
